U. S. ARSENALS MAKING READY FOR HOSTILITIES

Government Quietly Preparing
to Thrash China if She
Insists on It.

CHICAGO, Feb. 16.—A dispatch from
Washington says nearly 6000 Americans,
mostly women and children, are in peril of
death at the hands of Chinese mobs in the
threatened uprising. To rescue as
many of these as possible from danger
and take drastic action in every case
where an American is molested is the
purpose of the President, through the
State, War and Navy departments.

Activities in this direction have been
going on for weeks, but great secrecy has
necessarily been maintained.

Fleet Being Increased.

Aside from the known fact that the
Philippine forces have already been
greatly augmented and the Asiatic fleet
increased, the State department is keeping
its programme secret.

One thing, the United States is acting
alone. Nearly all the anti-foreign sentiment
in China is directed at Americans.

examination of his mental condition.

It is reported that Conley became a
raving maniac when told that the Gov.
had refused to commute his sentence.

High School Boys Eagerly Gath-

in the Slot.

PHILADELPHIA, Feb. 16.—A gaudily
painted slot machine, the front of
which bore a portrait of the
boys' high school, surrounded by
portraits of females shockingly devoid
of apparel, was confiscated by the police
at the store of Albert Barker at
Broad and Spring Garden streets, and
taken to the city hall. Barker accom-
panied the machine as a prisoner, charged
with selling indecent pictures.

The prosecution was brought by
students of the boys' high school and
was inspired by the fact that the
moral of other students would be con-
taminated, not by the pictures of the
semi-nude females that encircled the
portrait of the high school, but by other
pictures of women in scant attire that
could be coaxed from the machine by
the deposit of a cent.

Females in Light Attire.

The fact that the picture of the high
school was used to draw attention to
the machine intended for the purpose of
vending pictures of the feminine form
with less adornment than decency de-
mands filled several of the high school
students with indignation.

IRON COUNTY IRON MINES ARE SOLD

Valuable Property in Southern

NEW YORK SYNDICATE
IS THE PURCHASER

New Owners Will, It Is Said, Be-
gin Active Production of
Metal at Once.

Special to The Tribune.

NEW YORK, Feb. 16.—G. R. Walker,
a prominent mining man and financier of
Salt Lake City, owner of valuable iron
properties located in Iron county, Utah,
has successfully closed a deal for the
sale of those properties to prominent capi-
talists of this city.

Consideration Thought Large.

While the amount represented in the
deal is not positively known, it is cer-
tain that the consideration for the pur-
chase of these excellent deposits of iron
is a handsome one.

Has Been Pending Several Weeks.

The deal successfully consummated has
been pending for several weeks, it is un-
derstood, and Mr. Walker has been in
this city on this mission for some time.

Will Develop Property.

It is understood that the new owners
will proceed at once to the active pro-
duction of the metallic contents of their
purchase, the deposits being practically
the largest of their kind in Utah.

Countess Files Suit for Com-

and Property."

PARIS, Feb. 16.—An "urgent" writ was
today served on Count Boni De Castel-
lane, making him defendant in the sepa-
ration proceedings of his wife, formerly
Anna Gould of New York. This decisive
step was taken after renewed efforts to
effect a reconciliation had proved fruit-
less. The Count accepted service of the
writ, even calling upon the Countess to
leave the family home, but she refused to
do so.

Complete Separation.

It mentions no names, but particu-
larly certain incidents in which the Count
is alleged to have participated, and it
asks for a decree for what the French
law terms "separation of body and prop-
erty," meaning complete material sepa-
ration, including the division of the
marriage property. The Count holds the
bill of complaint in the strictest secrecy,
but the foregoing are the essential fea-
tures of the contents.

The Financial Part.

The service upon Count Boni was made
by Maître Trichet, in his capacity as rep-
resentative of the Countess's attorneys.
The Countess's attorneys, Messrs. Clachard
and Peartree, who have charge of the
branches in which the Gould estate is con-
nected.

NEW YORK, Feb. 16.—The anthracite
miners' sub-committee of seven, appointed
at yesterday's conference between the
coal operators and the unions' special
scale committee, today began the work
of formulating in detail the propositions
which have already been presented in
regular form to the employers. The task
is an arduous one and it probably will
be at least a week before the commission
will have its report in shape for submis-
sion to the sub-committee of seven ap-
pointed by the operators. In the mean-
time there is likely to be no develop-
ment in the situation, as the operators
will not be able to make a move until
they learn specifically what the mine
workers will demand.

Remain to Aid Mitchell.

Some of them will be kept here by Mr.
Mitchell to assist the sub-committee in
preparing the technical portions of the
communication to be given to the mine
owners.

Alleging that her husband, George C.
Gibbett, threw chairs and other objects

court.

Married in 1903.

The parties were married on November
23, 1903, and for more than a year past,
Mrs. Gibbett says, her husband failed to
support her and also has treated her with
cruelty.

At various times, Mrs. Gibbett adds,
her husband has thrown chairs and other
objects at her, with intent to do her

On February 7 of the present year, Mrs.
Gibbett says in conclusion, her husband
ordered her from her home and threat-
ened to kill her if she did not leave. A
divorce without trial is all that is

JURY SAYS PAT CROWE DID NOT ROB CUDAHY

Alleged Kidnap Is Freed of
the Charge by Jury
at Omaha.

OMAHA, Feb. 16.—The jury in the trial
of Pat Crowe, charged with robbing Ed-
ward A. Cudahy, the Omaha packer, of
\$25,000 in connection with the kidnaping
of the latter's son five years ago, this
afternoon, after fifteen hours' delibera-
tion, brought in a verdict of not guilty.

The kidnaping of Eddie Cudahy, De-
cember 19, 1900, and his release upon the
payment by his father of \$25,000 ransom,
created a great sensation and the search
for the kidnapers was stimulated at the
time by the offer of a reward of \$50,000 by
Mr. Cudahy.

Evidence Was Weak.

It was the belief of the authorities that
Crowe and James Callahan were the
guilty parties, but no trace of them could
be found until about a year ago, when
Callahan was arrested. He was identi-
fied by young Cudahy as one of his cap-
tors, but released on trial, as it could
not be shown that he received any of the
money and that was at that time no law
making the kidnaping of a person over
10 years of age a crime.

PAT IS ARRESTED AGAIN.

Bluffs Street Cars.

COUNCIL BLUFFS, Ia., Feb. 16.—Pat
Crowe is now a prisoner in the Pottawatomie
county jail here and will be arraigned to-
morrow morning on the charge of street car
robbery. Crowe declares he is confident of
acquittal.

PITTSBURGH, Feb. 16.—The delegates
attending the Pittsburgh miners' con-
vention unanimously adopted a resolution
today declaring the offices of presi-
dent and vice-president of the Pittsburgh
district miners vacant.

President Dolan presided at today's ses-
sion and refused to entertain the resolu-
tion, but it was passed over his head.

Uproarious Disorder.

There was much disorder in the hall
when the resolution was introduced. It
grew uproarious when President Dolan
declared the resolution out of order and
announced in a series of wild exclama-
tions that he would not resign.

Mitchell Is Consulted.

The resolutions declaring the two offices

HARD TO CONVICT IN
CASE OF VAGRANCY

Alleged Husband of Notorious
Woman Escapes Penalty
of Court.

What constitutes a vagrant is a ques-
tion that is now worrying City Prosecutor
Daily. He tried to solve the problem to
the satisfaction of the court Thursday af-
ternoon, when the case of Albert F. Jones,
who was charged with vagrancy, came up
for hearing. The defendant, who was rep-
resented by Attorney Thomas Ashworth,
was discharged by the court without re-
quiring to introduce testimony in his
own behalf.

Fine Point in Law.

Although evidence was introduced to
show that Jones was the husband, or al-
leged husband, of one of the notorious
women of Commercial street, and that he
had his residence in one of the lower
rooms of a building, the upper portion of
which is rented for immoral purposes, the
court held that this did not prove that he
was a vagrant, but that he was a husband
of a woman who was a vagrant. The distinc-
tion was made that the quarters in which
Jones lived might be entirely separate and
apart from that portion of the building used
for immoral purposes.

ABOUT FORT DOUGLAS

Lieut. Ryan Arrives to Assume Com-

First Lieut. L. S. Ryan, Artillery corps,
arrived at the post yesterday for duty
with the 6th Cavalry, which is being re-
equipped with new uniforms, which he
will command vice Capt. John C. W.
Brooks, A. C., who has been ordered to
Fort Monroe, Va., for examination for
promotion.

Quartermaster-Sergeant William A. Jame-
son, Twelfth Infantry, field artillery, will
be discharged from the army tomorrow,
having served Uncle Sam for the allotted
three years.

Private Richards, company H, Twenty-
fourth Infantry, has been appointed mus-
ician of his organization.

Due to the genial influence of old "Sol"
the post ground at Fort Douglas is almost
free from snow; a few more days of this
weather ought to make it as dry as a
bone and fit for the annual "Sol" regu-
lar Saturday inspection will be held to-
day. Guard mounting will be at 9:30 a.
m. It is also day-day. Hence, with all
these events, the forenoon will be very
strenuous.
